Annual Report
2025-26

From the Founder's Desk

Dear Friends, Supporters and Partners,

As we reflect on the journey of 2025-26, I feel immense gratitude and pride in the collective efforts of our communities, team members, volunteers, partners and supporters who continue to walk with us in our mission of creating a more just, sustainable and compassionate society.

This year has been a year of learning, resilience and transformation. Across the villages of Amreli, Gir Somnath, Rajkot and surrounding regions, we witnessed inspiring examples of communities coming together to address challenges related to climate change, livelihoods, health, education and social equity. Whether it was farmers adopting sustainable agricultural practices, women stepping into leadership and entrepreneurship roles or children accessing opportunities for learning and growth each initiative reflected the strength and determination of the people we serve.

At SSKK, we strongly believe that true development is possible only when communities are empowered with knowledge, dignity and opportunities. Through our work in sustainable agriculture, environmental restoration, women's empowerment, health awareness, skill development and child education, we have continued our eforts to strengthen local capacities and promote long-term resilience.

During the year, our partnerships with various community institutions, government departments, donor agencies, academic institutions and grassroots organizations enabled us to expand our reach and deepen our impact. We are especially thankful to all our supporters and collaborators whose trust and encouragement continue to inspire our work.

The challenges before rural communities are evolving rapidly climate uncertainties, migration, health risks and socio-economic inequalities demand collective action and innovative responses. As an organization, we remain committed to listening, learning and co-creating solutions with communities while staying rooted in our values of participation, transparency and social justice.

I sincerely thank our dedicated team members, volunteers, Board members, farmers, women leaders, youth groups and community institutions for their unwavering commitment and hard work throughout the year. The achievements highlighted in this annual report belong to all of you.

We look forward to continuing this journey together with renewed hope, stronger partnerships and deeper commitment towards building sustainable and inclusive communities.

Warm regards,

Dhiraj Vagadia

Founder Director, SSKK

About SSKK

Shikshan Ane Samaj Kalyan Kendra was **established in 1980** by a group of young, dedicated volunteers to check the prevailing condition at that time. At that time migration of people to other places was prevalent as agriculture was the main occupation and there was scarcity of water due to drought. People were illiterate and their economic condition was poor. Thus, to check the migration the organization was founded to provide alternative choices of livelihood. Since its inception the organization has been working for betterment of the status of people.

Vision:

A place where nature and all life flourish in dignity, unity and peace.

Mission:

To restore ecosystems, promote sustainable practices and uplift communities by fostering unity with nature, ensuring dignity and cultivating peace for all.

Objectives

1. Promote sustainable farming - organising farmers, group formations with focus on eco-friendly practices to enhance soil health, water management, and farm productivity with enhanced participation of women.
2. Foster environmental protection and climate adaptation strategies, including renewable energy, water conservation and biodiversity restoration
3. Strengthen community livelihoods through education, life skill development, income generation and economic empowerment, with a special focus on women and marginalized groups
4. Improve community health by enhancing access to healthcare services, promoting health awareness, and addressing key health challenges such as nutrition, sanitation, mental health, and disease prevention.
5. Conduct research, policy dialogue, and share knowledge to promote sustainable practices, equitable development, and community-driven solutions.

SSKK's Profile

Legal Status	Registered under society registration Act 1860 & Bombay Public Trust Act 1950
Registration No.	Guj/97/Amreli& F/57/Amreli, 24th Nov. 1980
Income tax (Under Section 12 A)	Approval No. AACTS5105J25AD01 Dated 21/03/2026 (Valid for 2027-28 to 2036-37)
Income tax Exemption (Under Section 80G)	Approval No. AACTS5105J25AD02 Dated 21/03/2026 (Valid for 2027-28 to 2031-32)
FCRA Registration	No.041930004 dated. 6/9/2000 Renewed by MHA for next five years with effect from 01/01/2022 with Ref. no. 0300039692021 dt. 18/12/2021
Permanent Account No.	AACTS5105J
GuideStar India No. (GSN)	556
NGO DARPAN ID.	GJ/2017/0162266 dated 12/09/2017
Undertaking CSR activities	Registration no. CSR00006692 dated 25/05/2021
Registered Office Address	26, Omnagar-3, Behind GIDC, Hanumanpara Road, Amreli – 365601 (Gujarat)
Head Office Address	As above
Auditors	M/S. A.B. Kothiya & Co., Chartered Accountant, Opp. Library, Amreli- 365601
Bankers	**FC Account:** SBI New Delhi Main Branch, 11, Parliament Street, New Delhi-110001 **FC utilization Account / Another account :** Yes Bank Ltd., Shop no. 1 & 2, Ozone solitaire, Science city road, Sola, Ahmedabad-380060 **Non FC Account:** State Bank of India, Lathi road, Amreli – 365601 HDFC Bank, Manekpara, Amreli - 365601 Yes Bank Ltd., Ahmedabad-380060

Memorandum of association, article of association and audit report of the organization are available any time on demand.

Programs:

1 Sustainable Agriculture

Better Cotton Initiative

For the past 11 years, we have been serving as a local partner for the Better. Cotton Initiative program in collaboration with CottonConnect across the Amreli and Gir Somnath districts of Gujarat. Since cotton is the primary crop in our operational area, we focus on major sustainability priorities such as biodiversity and land use, decent work, women's empowerment, climate change, pesticide and crop protection management, soil health, sustainable livelihoods and water stewardship.

Project details

Particulars	Status 2025-26
Total Producer Units (PUs)	05
Operational Districts	2
Operational Blocks	7
Operational Villages	126
Learning Groups (LGs)	638
Farmers (male & female)	22202
Cotton grower farmers	20957
Irrigated farmers	20490
Cotton Area (Ha)	35170
Irrigated Area (Ha)	44098
Rainfed Area (Ha)	1528
Average Yield (Kg/Acre)	841

Activities

- Calendar Distribution
- Focus Group Discussion with farmers in 126 villages to identify key issues and root cause
- Soil testing 614
- Bayochar demo 126
- Natural Input Center -66
- Farmer training
  - ToT - 1 Programmatic Presowing
  - TOT 2 Post sowing
  - ToT-3 Mid season
  - ToT-4 Harvesting & Post Harvesting
- Farm Labour training
- Regenerative Agriculture Practices demo - 126
- Gender Committee meeting
- Entrepreneur - 35
- Wall poster - 504
- Lead farmer workshop
- Input center - 15
- Mass awareness campaign
- Tree plantation - 22202
- Various important days celebration like field day, Cotton day, Water day, Soil day, Women day
- Green Cook stove - 233

Bio Diversity

As part of our Better Cotton program organization Field Facilitators did On Farm and Off Farm mapping for biodiversity (Insects, birds, animals, trees and natural resources) with exact methods of mapping. After getting the results we have planned various experiments, activities and training for rehabilitation of nature. We will continue this activity for next year also.
Besides this, information was shared through activities like Bio diversity mapping, crop rotation, identification of friend insects among communities.

2 Environmental Sustainability & Climate Resilience

Improving the Self-reliance and Resilience of Rural Communities

The Gondal and Kotda Sangani blocks in Rajkot district, Gujarat, are situated in a climatically sensitive region that has witnessed increasing environmental stress over the past decades. This includes erratic rainfall patterns, prolonged dry spells, recurring droughts, and more recently, extreme weather events such as cyclones. These climate-related disruptions have significantly impacted agricultural productivity, water availability, and the overall livelihood security of rural communities.

To address these emerging challenges, empowering Gram Panchayats (GPs) to take leadership in climate resilience is essential. Currently, GPs primarily focus on basic infrastructure development. There is a pressing need to shift their role toward integrated, sustainable development planning. This includes creating localized climate resilience plans in collaboration with stakeholders such as private entities, government departments and local NGOs.

We have been working on this project for the last three years. During **2025-2026**, Shikshan Ane Samaj Kalyan Kendra (SSKK) adopted a participatory and holistic approach to address the complex challenges faced by rural communities in Rajkot district. The intervention aimed to promote climate resilience, sustainability, and inclusive development through the following best practices in **139 villages** of Gondal, Kotda Sanghani and Jasdan blocks.

A. Climate Resilience for Sustainable Development

The region faces severe water scarcity due to frequent droughts, long dry spells and heat waves. The project improved water conservation infrastructure and promoted eficient irrigation technologies to increase water availability and agricultural resilience.

Key Activities

- Renovated **26** check dams.
- Created **10 lakh** cubic meters of water storage capacity.
- Supported **37** farmers with sprinkler and drip irrigation over **48.85** hectares.
- Constructed farm outlet structures in **14** villages, covering **306.4** hectares for soil conservation.

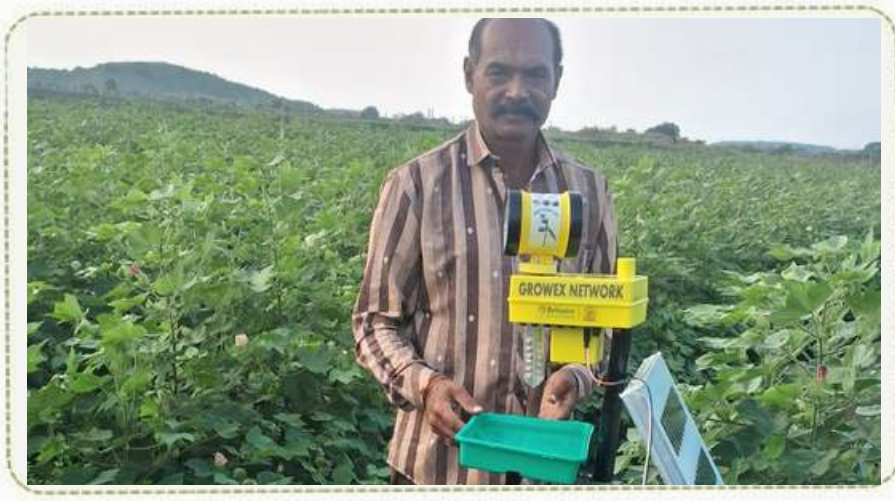

Impact

- Irrigation area increased from **12.41** to **16.02** bigha (**+3.61** bigha).
- Average groundwater level improved by **5.73** feet.
- Crop yield increased from **19.7** to **22.82** man per bigha.
- Net profit increased by **Rs. 4,664** per bigha.

B. Integrated Value Chain Development (IVCD)

Good Agricultural Practices (GAP)

Climate-smart agricultural practices were promoted to improve productivity and reduce climate risks.

Achievements

- **2,821** farmers adopted climate-adaptive farming.
- Covered **1,712.63** hectares.

Mango Plantation

The project promoted horticulture for long-term income and environmental sustainability.

Achievements

- Planted **8,000** mango trees.
- Covered **26.12** hectares.
- Achieved **85%** survival rate.

Mixed Cropping (Groundnut + Pigeon Pea)

Mixed cropping was introduced to reduce the risk of crop failure caused by uncertain rainfall and to improve farm income.

Impact

- Reduced cultivation cost by **Rs. 6,122** per bigha.
- Increased income by **Rs. 6,262** per bigha.
- Reduced irrigation requirement by **4.72** irrigations per season.
- Improved water conservation while creating dual-income opportunities.

Drone Spraying Technology

Drone-based pesticide spraying improved efficiency and timely crop protection.

Achievements

- Covered **252.38** hectares.
- Conducted under Drone Didi Yojana.

Impact

- Saved **7.6** hours of labor per spraying session.
- Reduced spraying cost by **Rs.1,834** per farmer.
- Improved timely pesticide application during monsoon.

Farmer Producer Organization (FPO) Awareness

An awareness programme was conducted to encourage collective farming and improve farmers' market access.

88 farmers participated.

C. Diversified Rural Income through Women's Entrepreneurship (DRIWE)

Livelihood Support

Women's Entrepreneurship

- Supported **1,016** women with imitation jewellery workstations and toolkits.
- Improved productivity and reduced health issues such as back pain.

Dairy Development

Supported **666** dairy farmers with Automatic drinking water tanks, Health kits and Chelated mineral mixtures. These interventions improved livestock health and milk production.

Self-Help Group (SHG) Strengthening

Activities

Collaborated with **50 SHGs** by providing:

- Animal husbandry training
- Jewellery-making training
- Livestock support
- Digital literacy
- Finacial literacy

Financial Inclusion

Overview

The project improved access to government welfare schemes and financial services.

Achievements

887 beneficiaries enrolled in schemes including:

- PMJAY (Ayushman Card)
- Job Card e-KYC
- Vrudh Pension Yojana
- Crop Credit (CC) Loans

Digital & Financial Literacy

Overview

The programme enhanced digital skills and financial awareness among rural communities.

Achievements

Trained **1,875** people.

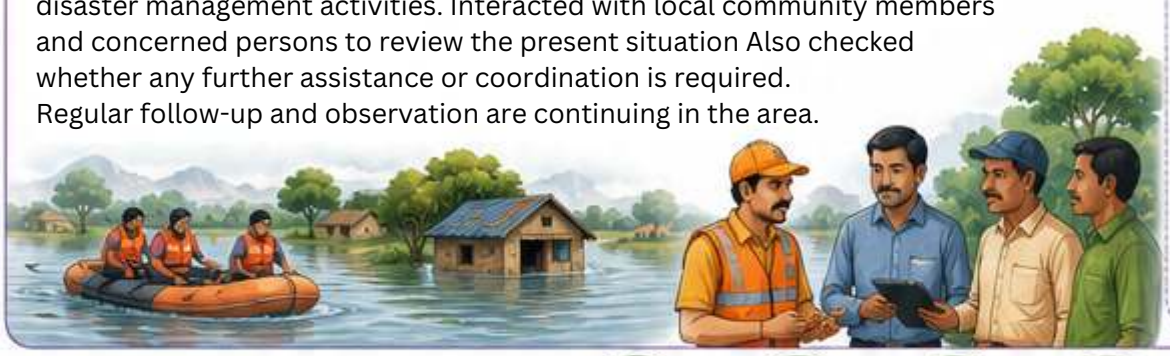

Covered:

- WhatsApp communication
- YouTube usage
- Google Pay and digital payments
- Financial planning
- Investments
- Fraud prevention
- Government portals such as i-Khedut

Disaster Management

Team members conducted follow-up visits in the working area regarding disaster management activities. Interacted with local community members and concerned persons to review the present situation Also checked whether any further assistance or coordination is required. Regular follow-up and observation are continuing in the area.

Integrated Agricultural Development and Livelihood Enhancement on coastal belt of Gir Somnath District - Gujarat

The Integrated Agricultural Development and Livelihood Enhancement in the Coastal Belt of Gir Somnath District project aims to improve the livelihoods of smallholder farmers through sustainable agriculture, livestock development, soil health management, water resource conservation and strengthened community institutions. Supported by the Azim Premji Foundation, the project is being implemented in five villages-Khan, Khajudra, Simar, Dudhala, and Khatrivada of Una Block, Gir Somnath District, Gujarat.

A baseline survey covering 2,486 households identified 1,103 eligible farming families, who will benefit from project interventions over a three-year period.

MAJOR ACTIVITIES AND ACHIEVEMENTS

1 Animal Health Services and Artificial Insemination

- Organised 5 Animal Health Camps across the project villages.
- 326 livestock farmers received veterinary health services.
- 41 Artificial Inseminations (AI) were successfully carried out to improve livestock productivity.
- The intervention has improved access to preventive animal healthcare and scientific breeding services, contributing to enhanced livestock health and increased income opportunities.

2 Bio-Input Production Centres

- Established 6 women-managed Bio-Input Production Centres.
- 30 rural women (five per centre) were actively involved in production and centre management.
- Permanent sheds and vermicompost units were established at all centres.
- Women received practical training through exposure visits to the College of Natural Farming and Krishi Vigyan Kendra (KVK), Amreli.
- The initiative has generated growing interest among farmers to establish individual bio-input production units, promoting sustainable and low-cost agriculture.

3 Community Leadership Committee (CLC) Formation

- Formed 5 Community Leadership Committees (CLCs) to strengthen community participation and project governance.
- A total of 54 members were selected, including 44 men and 10 women.
- Each committee conducted 12 monthly meetings during the reporting period.

The CLCs played a vital role in:

- Selecting 1,103 beneficiary farming families.
- Approving beneficiaries for different project interventions.
- Monitoring programme implementation.
- Promoting transparency, accountability, and community ownership.

4 Coconut Plantation Promotion

- Initial target: 250 farmers | 2,500 improved coconut saplings
- Achievement: 196 farmers participated. 4,900 TD (Second Generation) coconut saplings were planted, achieving 196 % of the plantation target.
- Mobilised 4.90 lakh through the Government Horticulture Department subsidy and 6.11 lakh as organisational support.
- The plantation recorded a 71% survival rate, with 3,495 healthy plants established.
- The activity was implemented in collaboration with the Horticulture Department and village CLCs, promoting long-term income generation through improved horticulture practices.

5 Drip Irrigation Promotion

- Targeted 100 farmers for drip irrigation adoption.
- Prepared quotations for 70 interested farmers.
- Successfully installed drip irrigation systems for 13 farmers.
- Although farmer interest was high, adoption remained limited due to the high beneficiary contribution required despite government subsidies.

6 Gypsum Application for Soil Health Improvement

- 350 farmers adopted gypsum application on approximately 0.40 hectare each.
- The intervention promoted first-time adoption of gypsum for soil reclamation and productivity enhancement.
- Farmers reported: Improved soil structure Easier land preparation Better moisture retention
- Reduced chemical fertilizer use Improved crop growth and soil fertility.

7 IPM and INM Demonstrations

- A total of 290 farmers adopted Integrated Pest Management (IPM) and Integrated Nutrient Management (INM) practices based on university recommendations, particularly in cotton cultivation.
- The demonstrations promoted balanced nutrient use, reduced pest incidence, and improved crop management practices.

8 Vegetable Cultivation through Trellis System

- Targeted 150 farmers for trellis-based vegetable cultivation.
- 122 farmers expressed interest in adopting the technology.
- 32 farmers successfully installed trellis systems, covering 11 hectares.
- Durable fibre angles replaced traditional bamboo structures, increasing the expected lifespan of the support system to 4-5 years.
- Farmers observed improved crop growth, better-quality vegetables, reduced pest incidence, and the potential for higher long-term profitability.

9 Well Recharge

- 77 farmers were initially selected for well recharge interventions.
- 45 sites were found to be technically feasible.
- 22 well recharge structures were completed during the reporting period.
- Remaining works were postponed due to joint ownership issues, hard rock formations, standing crops, and high groundwater levels in coastal areas.
- The completed structures are expected to improve groundwater recharge, reduce salinity, and strengthen water availability for irrigation in the long term.

PHOTO GALLERY

3 Livelihoods & Empowerment

Empowerment

01 16 Days of Activism' from 25th November to 10th December

The organisation participated in '16 Days of Activism' from 25th November to 10th December 2025. Under this program activities like Legal guidance on Domestic Violence Act 2005 at Shekh Pipariya 8-12-2025 with support of Women and Child Development department, Nari Adalat, Sakhi One stop Center, Kanuni Sahay Kendra and SSKK about 172 women participated in this program. At Salva, Rabarika and Dhundhvana village. Children of our Gender Education class organised a rally and made villagers aware about violence against women.

02 Celebration of World Women day

On the occasion of International Women's Day - 2026, our organization organized a special program in the field area to recognize and celebrate the contributions of women in the community. The event aimed to promote gender equality, women's empowerment and awareness of women's rights and opportunities. Various activities such as awareness sessions, motivational talks and interactive discussions were conducted.

03 National Women Farmers Day Celebration

The National Women Farmers Day was celebrated on 11 October 2025 at Head office, Amreli by SSKK with the support of AKRSP(1), NCNF and FWWB to recognize and empower women farmers. The event brought together 45 women farmers from different villages to promote Natural Farming, sustainable agriculture, and women's leadership. Key activities included expert sessions on Jeevamrut, Agniastra, soil health and climate-resilient farming, an exposure visit to the GNFSU Model Farm, exhibitions of women-made products, interactive learning activities and experience sharing by successful women farmers and entrepreneurs.

04 A strong step towards self-reliance: 'Sangi' initiative

The "Sangi" initiative has been successfully implemented by Shikshan Ane Samaj Kalyan Kendra in collaboration with Desai Foundation Trust with the aim of economically empowering women in the villages of its area of work. Last year, the organisation distributed free sanitary napkins to increase awareness about menstrual hygiene among women. Based on this initiative, an attempt was made to connect the women with self-employment during this year 2025-26, in which they are earning their livelihood by distributing and selling "Aasani" sanitary pads.

- A total of 24 women have actively joined this initiative
- Significantly increased their income through the sale of sanitary pads
- Strengthened confidence, leadership skills and identity of women
- Health-related issues have also been addressed

The organization is continuously advancing such initiatives so that more women can get livelihood opportunities and take concrete steps towards self-reliance.

Education intervention

Learning & Innovation workshop for students

The organization successfully conducted the "Learning & Innovation Workshop for Students" in two phases from 17-19 October 2025 and 4-6 November 2025. Both workshops provided students with a unique learning experience focused on creativity, science and life skills.

During the workshops, children received guidance on topics such as technology based learning, health and hygiene, yoga, positive thinking, teamwork, leadership, design thinking, environmental conservation and problem solving. Through various games, storytelling sessions, drawing activities, music & dance, spelling & word games as well as creating scientific models and crafts using paper & straws children were given enjoyable and interactive learning opportunities.

The major highlights of the workshops included a video on Japan's education system, a volcano model, an air pressure rocket, design thinking projects, model poster drama presentations and educational visits to Kailashdham Temple and the Bal Bhavan Science Research Centre.

Feedback from the children clearly indicated that they learned new games, skills and life values and expressed their commitment to sharing this knowledge with their family members and friends. Both workshops proved to be informative, inspiring and memorable learning experiences for the children.

Staff team training

- To build the capacity of the staff team, the organization organized various training and sent team members outside of office to gain knowledge. During the year, organization team participated in various meetings, training and workshops organized by organization and other partner organizations.

• The organization also plans an exposure visit for the staff team. Staf exposure visit cum tour is a very essential part of planning for next year's activities. For newcomers, traveling in a group fosters new friendships and bonds. Employees who work in close quarters see each other in a new light when they travel together outside of the workplace. This implies stronger connections and a more welcoming organizational culture. Essentially, by taking our team on a tour, organization is creating a space of interactions that, in the future, will reveal itself as more collaborative work back at the office. Our tours are designed so that when your team returns to the field area, they are refreshed and have improved their skills.

Exposure visits

71 women of Shekh Pipariya and Chital from the LEDP program visited the Multi skill Training center at Vadinar, Jamnagar and got guidance for their trade.

100 farmers of Chital, Jaswantgadh and Monpur villages were given training and exposure visit in natural farming at KVK Amreli.

On **17-12-2025**, an exposure visit was organised for women of the beauty parlor class at Ahmedabad.

Bharatbhai Vala, Narendrabhai Ponkiya, Rameshbhai Solanki, Rajeshbhai Rathod and Pareshbhai Solanki from the organisation visited KVK Arnej on **11 December 2025**. Information was obtained about new and improved crop varieties, experiments underway in the research plot at the center and guidance was taken about useful techniques and models for farmers. Discussion done with Virendrabhai Parmar, Head of Department of the research center for 'Bhalia' wheat variety.

30 farmers of Sondardi village were taken to visit NIC Model Farm on **15/01/2026** along with staff of Natural Development Board, KVK and ATMA. In which they were given information by testing the soil through a rapid soil testing kit. Dashaparni extract and 1 liter Agni Astra were gifted by NIC to 25 farmers.

Agricultural Exposure Tour under Integrated Agricultural Development and Enhancement (IADLE) Program was organized on **16th and 17th February, 2026** at Junagadh Agricultural University.

On **10/02/2026**, the Natural Farming Development Board organized a demonstration of diferent Rabi crop varieties at the Natural Farming College. Farmers from Machiyala, Shedubhar, Randhiya, Pratappara and Khijadiya Radadiya villages were invited and provided with detailed information about the various crop varieties.

On **20-02-2026**, the Natural Farming Development Board organized a training program at the Natural Farming Model Farm. Farmers from the operational areas of Chital, Jasvantgadh, Khijadiya Radadiya, Mota Machiyala and Shedubhar were taken for an exposure visit and provided with practical training on natural farming practices.

On **14th February 2026, 50** students of Sondardi Primary School were taken to visit NIC and Natural Model Farm.

FPO formation and operation

Farmer Producer Organization

The organization promoted Farmers Producer Company (FPC) in the field areas for farmers and provided educational, technical and financial support.

Presence and activities of Avirat Agro Producer Co. Ltd. and Sorath Agriculture Producer Co. Ltd. in operation area of organization.

Particular	Avirat Agro Producer Co. Ltd.	Sorath Agriculture Producer Co. Ltd.
Registration detail	Registered under Companies Act, 1956 with Reg. No. U0140GJ2006PLC048635 Registered Office Address: Chalala Road, OPP.Kumarshala, Khambha-365650, GUJRAT,INDIA	Registered under Companies Act, 2013 with Reg. No.U0210GJ2016PTC086019 Registered Office Address: SORATH AGRICULTURE PRODUCER CO. LTD. Una Road, Dhokdva, Gir Gadhada, Dist.- Gir Somnath 362565, Gujarat
Share Holder	2206	1278
Authorised Capital (Rs)	27,00,000	10,00,000
Paid up Capital (Rs)	26,80,190	79,08,000
Training & Exposure	• Campus Training Programme on Digital Marketing - Hands on Training 26 to 28 May 2025 at Lucknow. • Campus Training Programme on Formulation of Marketing Plan of FPOS in Agri and Allied Sector from 22 to 24 December 2025 at BIRD Lucknow.	• Fpo Capacity Building Training and Business Planing on 20th December, 2025.
Procurement & Selling activities carried out	• Input Selling: Certified Bijnugam Seeds (Groundnut, Cumin, Coriander, Wheat, Cheapea), Bio Pesticides (Trichoderma, Neem Oil, Beauveriua, Metarisuim, pseudomonas, feromone / yellow sticky Traps, Defender) Fertilizers (Castor Cake, Prom, Magic Plus). • All activities are jointly supported by SSKK's Khambha cluster team, they are providing platform and facility for government schemes and it's procedures, services like IKhedut portal and eKYC services • Soil Testing: 607 Soil Testing, 247 Water Testing	• Produced and sold Sutrakupad Bags to farmers and local customers. • Sold Bio-input Nets and promoted their use for sustainable and eco-friendly farming practices. • Strengthened the Farmer Producer Company's income through the sale of value-added agricultural products.

LEDP NABARD

Shikshan Ane Samaj Kalyan Kendra (SSKK), in collaboration With a cttonCottonConnect Farmer Community Foundation, is working to strengthen the capacities of Self-Help Group (SHG) members by identifying their skill gaps and providing appropriate skill upgradation opportunities.

Under the NABARD's LEDP program 60 SHG women beneficiaries from Chital (Amreli Block) and Shekhnipipariya (Lathi Block) in Amreli district were selected for the initiative.

The training programme to prepare 'New Born Baby Kit' was conducted in two batches of 30 women each.

In addition, refresher training sessions and exposure visits were organized to provide participants with further knowledge, practical exposure and guidance for enhancing their livelihoods and enterprise development.

5. Research, Policy Dialogue & Knowledge Sharing

E Research and Documentation

1. As per the objective of the program we had prepared pamphlets regarding the information and brochure of the organization. We have also prepared written test papers for students and papers for the selection of employees in various programs. Publish various banners / hoardings as per events. We have published an annual report of the year 2024-25.

2. We have prepared accounting forms required for entrepreneur models of FPO and the sample of management process for the transparency and took it in use.

3. We have prepared procedure notes, necessary forms and records, the agenda of Team Meeting, Core Group Meeting, Executive Committee, General Meeting and various committees as per constitution.

Participation in training

Sr.No.	Name of training	Organized by	Date	Participant
1	Fundraising Masterclass meeting	Amani Institute, Ahmedabad	28th April 2025	D.V. Vagadia, Rajesh Rathod, Narendra Ponkiya, Rameshbhai Solanki, Janak Pandya, Mansi Dobariya Monika Vora, Surendranath Nayak
2	Natural agriculture program at Shri Nishkalanki Dham Pirana, Ahmedabad.	SPNF Association, GNFSU, GLPC and MANAGE Shri Hari Krishna Pharmtech	9th April, 2025	Komalben, Rashmiben

Team Meeting

Every week staff meetings have been arranged with a view to interchange of thoughts and experiences and to increase intimacy among team members. In the meeting, project wise work review, dificulties and its solution, instruction, target, future planning etc. has been discussed. Responsibilities of internal evaluation have been given to team members.

When a new member joins a team, the organization informs him about the vision and mission of the organization with short instructions like why organization is being started? The collaboration between organization and Government, what is the voluntary activity, registration of the organization, body, rules, trustees, structure, income - expenditure, FCRA.

Any team members of the organization participated in training/meeting during the month then he/she did a brief presentation on it in the meeting. Also, if the team found that it is totally new for them then the topic will be shared among them in detail.

Governance

Before an arranged board meeting, the agenda of the meeting and the previous meeting's proceeding is given to all members. The Board meetings of Shikshan Ane Samaj Kalyan Kendra were arranged during 2025-26 on

11th April 2025, 17th August - 2025, 15th January 2026 and 31st March, 2026. In that meeting decision was taken on annual

activity report, annual budget and audited financial statements and other important issues. We followed the Board rotation policy.

Board Meetings held during 2025-26

- 11th April 2025
- 17th August 2025
- 15th January 2026
- 31st March 2026
