About Us

Shikshan Ane Samaj Kalyan Kendra (SSKK) was established in the 1980s by young dedicated volunteers to check the prevailing condition of the fields. At that time, migration of people to other places was prevalent as agriculture was the main occupation, and water was scarce due to drought. People were illiterate, and their economic condition was poor. Thus, to check the migration, the organization was founded to provide alternative livelihood choices.

Under the mentorship of Dhirubhai and his endless motive to serve rural society by all means SSKK made its strong existence in fields. Changing prevailing conditions in fields led the organization to address various social issues and SSKK expanded its intervention into fields of training, education, disaster response, environment, health, and in the environment.

Since its inception, SSKK has been working for the betterment of the status of people and has engaged in development activities to uplift rural and urban areas of the Amreli, Junagadh, and Gir Somnath districts of Gujarat state. Throughout the journey of 42 years Founder and Director - Mr Dhiraj (known as Dhirubhai) had ensured the well-being of the community and staff committed to serving society.

"તમારું દાન, કોઈના જીવનમાં પ્રકાશ!"
