Team members of PU INGJ 48 actively participated in the Medical Health Camp and Blood Donation Camp organized at Damnagar. They rendered their voluntary services and also donated blood. A total of 114 beneficiaries availed healthcare services during the camp.

A women's training program was successfully organized in Galkotdi village in collaboration with Krishi Vigyan Kendra. During the program, women were provided practical training on the preparation and processing of value-added food products. The training helped enhance their skills, promote self-employment opportunities and strengthen economic empowerment among women.

A beneficiary list was prepared for the distribution of castor cake in four villages Lathi, Tajpar, Shekhpipariya and Keriya. Total 1,146 bags were distributed among eligible beneficiaries.

In addition, various field level activities were undertaken, including verification of farmers' documents under the Godown Scheme. A site visit was conducted to the lake deepening work at Pratapgadh village to obtain necessary information regarding the availability of excavated soil for farmers and to provide appropriate guidance. Assistance was also extended to farmers in availing benefits under various government schemes, including subsidy applications, seed forms and Farmer Registry related services.

Two Stakeholder training was organised during the month with various stakeholders of the program area. One training was organised for women's livelihood enhancement and self-reliance and another was organised to strengthen understanding of various government and Panchayat schemes, the GPDP process and climate adaptation methods.

Training programs on Common Resource Management Plans and water budgeting were conducted in 4 villages. 174 community members participated in this training. During the sessions, a technical expert from our organization explained the sources, inflow and usage of water within the villages and highlighted the importance of effective water resource management. Overall, the program created awareness about the importance of collective efforts and encouraged communities to adopt sustainable practices for the efficient conservation and use of water resources.

We organized farmer training programs in nine different villages of Gondal and Kotda Sangani blocks through the digital YouTube platform, in which 276 trainees participated. The main topic of this training was “Pre-Monsoon Land Development Activities and Pre-Sowing Agronomic Practices for Kharif Season Crops.” During the program, Deputy Director of Agriculture (Extension), Amreli Mr. B. H. Pipliya and Extension Officer of Kotda Sangani block, Mr. A. J. Muliya provided valuable guidance to the farmers.

Under the component Digital & Finance Literacy training our team completed a training program on digital and financial literacy in 3 villages with 76 participants.
